of this program, OCF will work with each project team to identify intended outcomes, follow projects' development, and most importantly, to document learning along the way. OCF requires participation from grantees for periodic progress reports in the form of three interviews at the project "beginning," "midpoint," and one at project completion. There may be additional surveys and/or other data collection methods as appropriate. The lead artist listed on your application is the primary contact for the evaluation check-ins, and our Arts & Culture team member, Jodie Cavalier, will reach out to schedule check-ins through Calendly. A final budget report on the grant-supported project will be due upon completion of your project or by September 30th, 2028, whichever date comes first.
